Krinkle Wipe™

Your "GREEN" Choice Polishing Cloth

Purified wiping cloth, 100% silicone free, biodegradable, incineratable, and contains no ozone depleting agents. Crimped design gives the wiper greater surface area for collecting, & trapping contaminants. Super soft texture and stretchable fabric construction give it excellent surface conformity & memory.

Specifications:

Krinkle Wipe™ Wiping Cloth

Exceeds stringent aerospace specifications for critical cleaning processes.

- ✦ Boeing Material Specification
BMS 15-5F Standards
- ✦ SAE – Aerospace Material Specification
AMS 3819B Standards
- ✦ BF Goodrich Aerospace
RIMS 1003 – Cleaning Wipers

Applications:

- ✦ Critical Cleaning – Surface Preparation
- ✦ Composite Bonding
- ✦ Painting
- ✦ Cleaning & Polishing
- ✦ Wax & Polish Removal
- ✦ Solvent Cleaning

Product Features Benefits:

- ✦ Crimped and open surface allows particulate to be trapped & collected in the open weave.
- ✦ Removes contaminants versus displacement.
- ✦ Exceed stringent Aerospace specifications.
- ✦ Certified 100% silicone free.
- ✦ 100% virgin cotton.
- ✦ Highly absorbent.
- ✦ Compatible with all cleaning solvents
- ✦ Extremely Low Lint.
- ✦ Super soft, ideal for wiping scratch prone plastics & sensitive surfaces.
- ✦ Competitively priced.

**100 CONVENIENT PRE CUT
SHEETS PER ROLL (52YDS)**

**PACKAGED 1 ROLL PER POLY BAG
(12 ROLLS PER CASE)**
