

## **PRODUCT INFORMATION 7011 – 7015 DUST STOP**

### **DESCRIPTION:**

- Detro 7011 – 7015 “DUST STOP” is specifically designed to help control dust and lint during painting applications.
- Available in cases of 4 – 1 gallon bottles or 5 gallon containers.

### **APPLICATION:**

- May be applied with conventional spray equipment or pump up sprayers.
- Apply to floors, walls and around filter openings.
- CAUTION: Excess amounts on floors may be slippery when wet.
- Pay special attention to cracks and seams that may contain lint or dust that could be dislodged during the painting procedure.
- **DO NOT SPRAY ON SURFACES TO BE PAINTED.**
- Re-apply as necessary to control dust
